The Royal Edge Fully Adhered EPDM System

This incredibly durable synthetic rubber membrane has proven field performance life of over 40 years.

RPI's Royal Edge EPDM is:

- Impervious to Ultra-violet degradation
- Flexible under the most extreme temperature conditions
- Lightweight and puncture resistant
- Available in 10ft. and 20ft. wide rolls for installations with fewer seams
- Easy to install on small or large roofs
- Available with Free Membrane Only Warranties for any installation
- Acceptable for installation above and below grade

Warranty Term - Membrane Only Warranty

Black:

- 0.060 20 years In Seam Batten/Ballast
- 0.060 30 years Fully Adhered System
- 0.060 40 years Fully Adhered System Over Isocyanurate/Barrier Board Assembly
- 0.045 10 years In Seam Batten/Ballast/ Fully Adhered System
- 0.045 20 years Fully Adhered System Over Isocyanurate/Barrier Board Assembly
- 0.090 40 years

Additional Labor Warranties Available

Coppertite Drains • Retrofit Drain for Re-Roofing Application

Part #	Description
BCTS39CR(E)	3" Coppertite Drain
BCTS49CR(E)	4" Coppertite Drain

Aluminum Fast Flow Drains • Retrofit Drain for Re-Roofing Application

Part #	Description
BFF275-SCR	3" Fast Flow Aluminum Drain
BFF375-SCR	4" Fast Flow Aluminum Drain

Aluminum Adjustable Drain Guard • Quick Fix for Strainer Replacements

Part #	Description
BS-1044	10" Adjustable Drain Guard

PVC Enpoco Paks • Direct Connect Drain for NEW Applications

Part #	Description
MEPPVC3	3" PVC Enpoco Pak
MEPPVC4	4" PVC Enpoco Pak

Aluminum/Plastic Vents • Venting for your Roof Systems

Part #	Description
MA1WV	Aluminum Insulvent
BV-1070	Plastic Ex-Flow Vent

Plastic Dura Drains • Retrofit Drain for BUR, Modified & EPDM

Part #	Description
M3DD	3" Dura Drain
M4DD	4" Dura Drain
MDBS	Dura Strainer for above

APP

(Atactic Poly Propylene)

A revolutionary product manufactured utilizing ADESO® dual compounding technology. The **Self-Adhesive** family of products are modified using APP resins and reinforced with polyester and/or fiberglass mat, with

a proprietary adhesive compound backing. The **SA** family of membranes provide an easier application, eliminating the need for torching or mopping.

IN STOCK!

ElastoFlex Self-Adhered Membrane (black & white) - **PSAS6**

PolyFlex - **P4SM**

CertainTeed manufactures roofing materials for low slope residential, commercial or industrial roofs of any size.
